JOSEPH KLEIN
Software Developer
Jersey City, NJ · 516.987.9657 | josephklein87@gmail.com | [Portfolio](#) | [GitHub](#) | [LinkedIn](#)

Full-stack software developer and former television and media professional, with a passion for problem-solving and creative solutions, as well as an eye for top-quality presentation. My experience in the deadline and detail driven world of content production makes me an asset when looking to deliver projects on-time and to spec.

SKILLS

HTML, CSS, Javascript, jQuery, React, MongoDB, Mongoose, Express, Python, Java, Django, PostgreSQL

SOFTWARE DEVELOPMENT EXPERIENCE

Software Engineering Apprentice, Remote   10/2022 - 01/2023
General Assembly

Applied skills in Javascript, Python, HTML, and CSS in a 500-hour full-time course, dealing in both the front and back-end for web and mobile. Developed the following projects:

Portfolio Website
Technologies used: HTML, CSS, React

The Unwatchables Movie Database
Technologies used: HTML, CSS, Javascript, Express, MongoDB
Designed a database/social network where users can upload the worst movies they've seen, as well as comment and vote on the posts of others.

Yes, Chef! (Group Project)
Technologies used: HTML, CSS, React, Express, MongoDB
Project lead for recipe organizer app. Assigned tasks and tracked progress. Managed team GitHub. Designed the user functionality and the rating system. Users could create accounts, submit, favorite, and rate recipes out of 5 stars, as well as see the average user rating of all recipes, which updated dynamically on rating submit.

WSHLST (Group Project)
Technologies used: HTML, CSS, React, Python, Django
Project lead for wishlist app. Assigned tasks and tracked progress. Managed team GitHub. Created search function to search for other users and gift ideas. Set styling to maintain format across screen size. General bug-fixing and troubleshooting of team code.

ADDITIONAL EXPERIENCE

Freelance Animation & Television Producer, NYC   05/2016 - Current

Clients include: **People Magazine, Impractical Jokers, Food Network, Comedy Central, iHeartRadio**
Developed, directed, and produced live-action and animated content for high-level brands. Planned and executed logistics for live shoots and digital video delivery. Managed creative teams consisting of production assistants and editors.

EDUCATION

General Assembly, Software Engineering Immersive, Remote   10/2022 - 01/2023
Drexel University, B.S. in Screenwriting & Playwriting, Philadelphia, PA   2009
